londonmedical⁺

fluid approach
to your medical
needs

London Medical has earned an international reputation as a centre of excellence for heart disease prevention, diabetes, endocrinology, osteoporosis, nutrition and retinal diseases with some of the most advanced consultant led diagnostic outpatient facilities in central London in these disease areas.

London Medical Plus is a new unique membership service created in order to save its members time and energy when it comes to their health requirements.

Providing an exclusive bespoke service, members will be provided with a dedicated account manager at the clinic who will be familiar with their individual medical history and will provide them with an efficient, prompt service when required.

Last minute business trip? Left your medication at home?

As a London Medical Plus member, one phone call to us will ensure that, where possible, arrangements are made to deliver your medication directly to you.*

Live abroad?

If you only visit London on an ad hoc basis we will accommodate your requirements.

- Last minute appointments where possible
- Consultant support by phone or e-mail
- Direct contact with your local doctor abroad
- Where possible, Medication delivered to your home abroad*

Health Query?

As a member, you will have direct e-mail and telephone support for all your health queries including referrals to all the relevant specialists in London.

always in reach
of our services

*Postage/courier fee will apply. Please note this service can be provided within the UK and overseas, subject to legal restrictions on importing medication.

Expert Support

When you ask the dedicated London Medical team to organise a visit to the clinic you can relax knowing that you have the most experienced, best trained, highest quality people ready to see you.

Our outstanding people, unmatched expertise and unique systems have developed since 1991 around the individual needs of our patients.

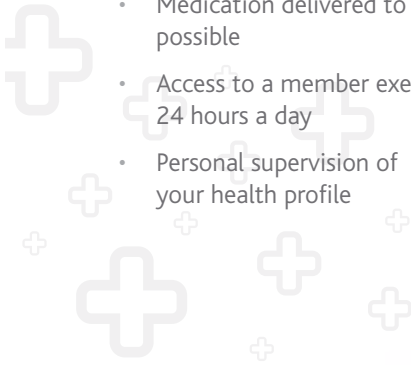

offering you
support when
it is needed
